An Update on the Well

Hello, FOS Neighbors!

Several have asked, “what’s going on with The Well?”

Although a few short months ago several of us could not identify where the well was or what it did, today we know these things. “The Well” is located on the end of Pueblo toward Hawes. It provides water to the golf course, maxi parks, and main entrance. It has been in service since 1953, and most recently updated in 2017.

The well is owned by Fountain of the Sun Country Club and has been part of the infrastructure for the years FOSCC has been in business. Initially, the well was drilled in 1953 along with two other wells (now abandoned) within the boundary of FOS. The two other wells were abandoned years ago when FOS hooked up to city water. The well at the end of Pueblo was maintained to be the source of water for the golf course.

Unfortunately, on March 30, 2026, the well started extracting sand and gravel and plugged the pipe. The well was shut down.

FOSCC hired Industrial Services Solutions (ISS) to recover the well. In April it was projected to be recoverable. Throughout the next several months ISS spent many hours working to recover the well, encountering many obstacles in the process.

Because a golf course does not survive without water, FOSCC worked with the City of Mesa to provide water. The water that is currently used by FOSCC comes from a fire hydrant located at the entrance to the golf course Pro Shop. Due to the cost of city water (\$12.45 per 1000 gallons) the golf course maintenance crew cut back on watering as much as possible. FOSCC asked FOS to cut back on watering as well to keep water costs to a minimum, currently at slightly over \$100,000 per month. If you live on the golf course you may have noticed dry areas and not as

pretty as it normally is. This is the reason.

On September 1, 2026, FOSCC was informed that the well was not recoverable. ISS had done everything that could be done and could not get the well to maintain a consistent delivery of water. This was not good news to anyone.

Previous to the first of September, FOSCC had begun the process of determining if we should drill a new well. RGC Hydro Services was contracted to complete a hydrology and well impact study. FOSCC had that report in hand when “the well” was determined to be unrecoverable. That was the good news.

Immediately upon learning this RGC began the process of submitting the necessary permits to drill a new well. FOSCC had also, previously, sent out requests for bids to drillers in the area. **As of today FOSCC has three bids and will, within the next couple of weeks, be reviewing and selecting a driller.**

The bottom line, Neighbors, is there will be a new well drilled. It will not be at the site of the current well. It will be closer to the pond you see as you come into the community.

Drilling a new well does take time and money. FOSCC is committed to maintaining a golf course in this community to the benefit of all of us, golfers, community members, and visitors. We appreciate the support FOS has provided as we have worked through, and continue to work on, moving forward with a new well. You will be hearing more about fund raising events in the community. We hope you can participate.

Best,
FOSCC Board of Directors

Fountain of the Sun is an Active 55+ Community

Submitted by: Dennis Kroft, Vice President, Fountain of the Sun Board of Directors

In the March 2026 edition of where55.com, a website that provides national independent research, verified 55+ community data and practical planning tools, the Senior Living Research Team at where55.com ranked the various activities that home buyers prioritize:

1. Outdoor pool (87% rated it as very important)
2. Fitness center with group classes (82%)
3. Walking and biking trails (79%)
4. Pickleball courts (74%--up dramatically from under 40% just five years ago)
5. Social event programming (71%)
6. Dog-friendly facilities (68%)
7. On-site or nearby dining (65%)
8. Year-round pool (61%)
9. Arts and crafts studio (45%)
10. Golf course (38%--down from higher historical rankings)

Looks like a perfect description of Fountain of the Sun and the amenities that are here. It does not designate these communities polled as “resorts”, but as sources of activities for active 55+ residents.

FOS offers all of the above in one form or another. Our walking and biking trails are our safe streets thanks to 24/7 security; bocce and horseshoes are a welcomed new addition; and our social events are outstanding.

Within this same article, it went on to say that the trend for Bocce Courts is stable and so are Billiards and Library Rooms.

Additionally, the demand is growing for Arts and Crafts Studios. The article goes on further to state that one of the fastest-growing amenities in 55+ communities is Pickleball.

Pickleball courts now appear in approximately 65-70% of purpose-built 55+ communities. Adding up to 6 additional pickle ball courts within Fountain of the Sun would seem to be in keeping with all recognized industry trends.

Nowhere in the article does it say to just maintain your facilities and not expand or add activity assets. It is important to let FOS residents know that when active community assets are added, we are catering to future buyers who will help maintain healthy reserves and to maintain our affordable HOA dues.

It is a well-known axiom that if you stand still, someone or something will pass you by. Let's keep Fountain of the Sun attractive to current and future homeowners.

Meet FOS Security

Hello everyone!

My name is Les Farrow, and I am proud to be part of the Fountain of the Sun community as a Patrol Officer with Covey Security. I have served the community for 1.5 years and thoroughly enjoy my job. My role allows me to work throughout the community, assisting residents, responding to calls for service, monitoring the property, and helping maintain a safe and welcoming environment for everyone.

One of the things I enjoy most about my position is getting to know the residents and being available when they need assistance. Whether it is helping with a security concern, providing information, assisting a resident, or simply

being a familiar face around the community, I believe good security starts with communication and building positive relationships.

I previously worked in asset protection and retail management and also served in the United States Army National Guard. I currently serve as a Patrol Officer and part-time armed guard with Covey Security. I enjoy the responsibilities and challenges that come with security work and hope to pursue a government-contracted security role in the future.

I am grateful for the opportunity to serve the residents of Fountain of the Sun and to be part of such an amazing community. Thank you for welcoming me and giving me the opportunity to serve!

When I'm not at work, I enjoy spending time with my family and pets. My hobbies include target shooting, as well as home repair and landscaping projects that I enjoy working on with my beautiful wife.

Verna Peterson, 99, passed away August 21, 2026 at home in Mesa, AZ.

She was born September 10, 1926 to Carl and Amanda (Swanson) Peterson in Drayton, ND. The family lived on a farm near Donaldson, MN until the spring of 1930 when they

moved to a farm west of Stephen, MN. She attended school in Stephen, graduating in 1944. Verna then attended Concordia College for one year and was then employed at S&L Department Store in Grafton, ND.

On September 28, 1947 she married Phillip Hegrans. They resided on a farm west of Grafton. They had 3 daughters Phyllis, Deborah and Kathy. Phillip passed away on June 4, 1953. After Phillip passed away, Verna was employed by Grafton National Bank.

On June 4, 1966 she married Harlan Peterson and moved to Minot, ND. In Minot she was employed by Wells Fargo Bank until September 1, 1981. After retiring from Wells Fargo Verna worked part time at First American Bank until 1988 when she and Harlan retired, to winter in Mesa, AZ and summer in Minot.

Harlan passed away on October 20, 1992. After his death Verna decided to make Fountain of the Sun her home full time.

Verna was known in FOS for her prickly pear jelly which she loved making and giving to her friends and neighbors. She was preceded in death by her husbands Phillip Hegrans and Harlan Peterson, granddaughter Sheri MacWilliams, 6 sisters and 1 brother. She is survived by her 3 daughters, Phyllis Keith, Mesa; Deborah (Dave) MacWilliams, Lee, MA and Kathy (Kelly) Gilbert, Williston, ND; 2 granddaughters Trisha Rassier and Heidi MacWilliams and 3 grandsons Craig Keith, Dan MacWilliams and Vince Gabel. LABOR DAY IN REVIEW

The bocce balls were rolling, the competition was lively and laughter filled the West Maxi Park as the Fountain of the Sun Bocce Ball Club celebrated Labor Day with a fantastic three-day tournament!

Thirty teams took to the courts for games beginning bright and early each morning. Some rolls landed perfectly beside the pallino, others took an unexpected sightseeing trip across the court, but every game brought friendly competition, great sportsmanship and plenty of fun.

John Harvey and Karma Olson continued into the championship game, finishing in second place after some excellent play.

Rolling all the way to the top were our 2026 Labor Day Tournament Champions, Chris DiGerolamo and Jeff Dowland! Congratulations on making it through a talented field and claiming the championship!

After three exciting days, the field of 30 teams rolled its way down to the Final Four. Judy Coghill and Vicki Deitz, along with Leis Amor and Jo Paterson, earned their places in the semifinals after an impressive tournament run.

A huge, bocce-ball-sized thank-you goes to our Court Cleaning Crew of Keith Lapa, Bob Olson and Jeff Dowland. They worked all week to clean and prepare the courts for tournament play.

Special thanks also go to Head Facilitator Pete Gillis and everyone who stepped up, put on the famous chartreuse vest and served as a tournament facilitator. You kept the games organized and the tournament rolling smoothly!

And a delicious thank-you goes to Linda Dowland and Barb Lewis, who coordinated all the tasty treats and kept our players, volunteers and spectators fueled. Bocce is always better with snacks!

Thank you to all 30 teams, our wonderful volunteers and everyone who came out to cheer. Our entire club made another wonderful Fountain of the Sun memory.

Now that is how you roll through Labor Day!

Lions Club

by Rebecca Gorton

The Fountain of the Sun Lions Club recently received an award for our Fly the Flag program. The award was presented to us from the Mesa Buckhorn elks #2656 for properly flying the United States Flag. This was such an honor and very appreciated. The certificate can be viewed in the front office.

We will again be working on projects that benefit our community. We start at local elementary schools to provide free vision screenings for children. The volunteers use handheld camera-like devices to quickly screen for a range of issues. If a student indicates the need for further testing, the school nurse is notified and will consult with the parents or guardian. The Lions club will assist with securing free or low-cost exams and glasses.

We will also be at Feeding our Starving Children soon. They believe hope starts with food and work with food distribution partners in packing nutritious meals around the world. Let us know if you would like to join us! It's such a rewarding event.

And of course, we always offer reading glasses to those that want them. We will be at the Red Mountain Library, New Hope and at many of the FOS breakfasts put on by the Bocce Club.

Come join us and become a Lion! We meet the second Tuesday of each month at 4:00 pm in the Poolside Room. Hope to see some new faces.

Life and the Changing of the Seasons...

There is something about October that feels like an arrival, not the dramatic kind, not the kind that comes with hoopla and grand announcements, a quieter arrival.

The kind that happens when the air changes, we suddenly notice that summer is loosening its grip, the mornings feel different, the light begins to soften, the pace around us shifts. Somewhere within us, something shifts too.

October invites us to stop for a moment and ask: Am I actually here? We spend so much of our lives preparing to arrive. When I

finish this, I will rest. When I get there, I will feel settled. When things change, I will begin again.

It is learning to arrive fully in the moment we have been given. To feel our feet on the ground. To notice the breath moving through the body. To drink the morning coffee or tea without already thinking about the afternoon.

To listen when someone is speaking instead of preparing our response. To allow this season of life to be enough, even if it is not what we imagined.

Nature does not apologize for changing. The leaves don't cling forever to their green. The days do not fight the shortening light.

There are things in our lives that are ready to change, not because they were wrong, but because they have finished teaching us what they came to teach us for the time being.

As the leaves change and temperatures drop, fall invites us to slow down, reset and care for ourselves in a more intentional way.

Fall is ultimately an invitation to turn inward, nourish yourself, and welcome a slower rhythm, make the most of this beautiful time of the year.

Along with fall, some of us tend to migrate south, like our winged friends...see you all soon!

Cowboy Jeff & the Cool Kids Cowboy Chili

Curious about who "Cowboy Jeff and the Cool Kids" are after seeing the Chili Cookoff Flyer? We are a group of friends who moved to Fountain of the Sun around 5 – 6 years ago. Over the years, we have hosted free pool parties, karaoke nights, dances, sponsored a band and chili cookoffs just to bring a little extra joy to the community we love. After taking some time off for Cowboy Jeff's health, we are thrilled to be back. **Mark your calendar for October 17th for the Chili Cookoff.** We hope to see you there. (P.S. Keep an eye out for volunteer opportunities.) Cowboy Jeff and the Cool Kids (Jeff Carlon, Debbie Fowler, Lois Fowler, Sandy and Randy Hall, Sonja Guss & Sharon Welliver).

STAYING CONNECTED

The Fountain of the Sun website is a great way to stay connected with neighbors and community happenings throughout the summer months.

If you're a homeowner and have not yet created an account, getting started is simple! Visit fountainofthesunaz.com and click **Sign Up** in the top right corner of the home page. Once your account has been approved by the Admin Office (1-2 days), you will be able to sign in and access the resident **Directory Network**.

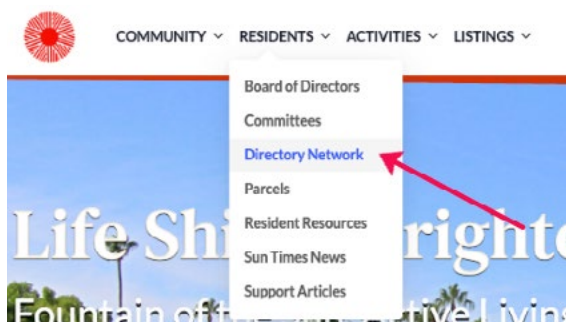

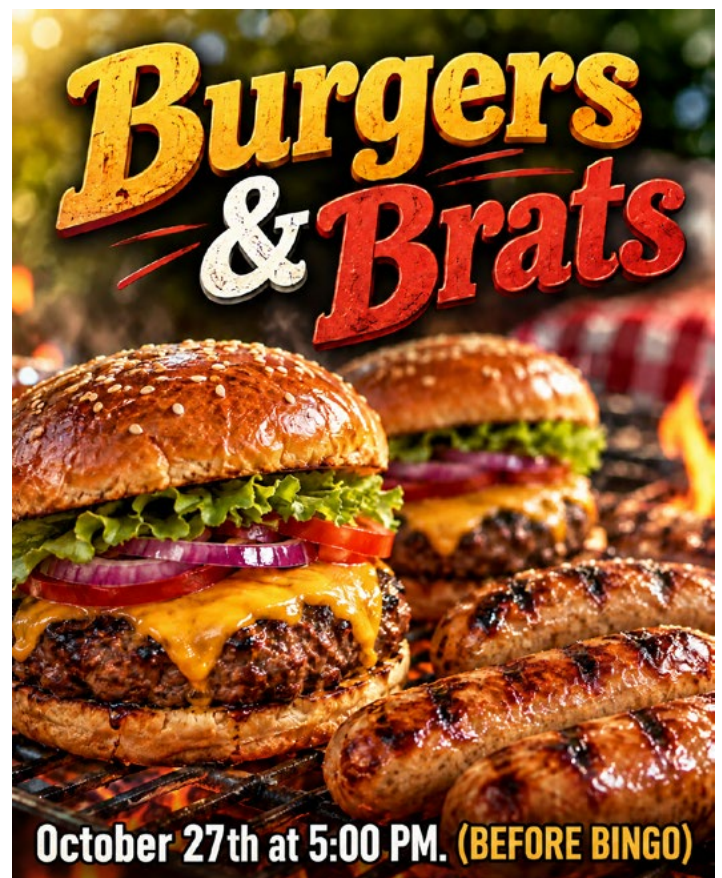

The resident **Directory Network** works similarly to Facebook, but it is exclusively for Fountain of the Sun homeowners. It provides a private space where neighbors can connect, share updates, participate in discussions, and stay involved with the community even while away for the season.

POST AND SHARE ON YOUR TIMELINE

Your FOS timeline is the place to post and share pictures, comments, and connect! You can also use the resident **Directory Network** features to search for other residents and send private messages to other registered FOS homeowners.

Once you register, sign in and go to **DIRECTORY NETWORK** located under **RESIDENTS** in the main menu.
